

Plagiarism Avoidance Contract

Online MS Programs

Student's Full Name (Print): _____

I understand that plagiarism in any form is a violation of Nova Southeastern University's Student Conduct Code and the policies of NSU's Shepard Broad Law Center's Master of Science programs, and I am aware that it can result in failure of the class and academic sanctions, including dismissal from the program. I realize that helping or knowingly allowing others to plagiarize involves me in plagiarism. Furthermore, I understand that any instance of plagiarism will be addressed by my individual professor and by the Academic Director, Professor Timothy Arcaro, on a case-by-case basis, which may result in a deduction of points from an assignment, a zero for an assignment, failure of a course, dismissal from the program and/or being referred to a disciplinary committee for Student Code Violations.

Plagiarism was discussed at the Residential Institute. The importance of avoiding plagiarism was stressed and the professor satisfactorily answered my questions about what it is and what the consequences of it can be.
